

15 *Years of quality & trust*

**Deccan<sup>®</sup>**

SINCE 2010

EUROPE

# Rooted in heritage. Driven by purpose. Trusted by the world.

Deccan was born with a simple belief, that food is not just a product, it is a bridge between people, places, and memories.

For over 15 years, we have quietly built a reputation founded on trust, consistency, and authenticity. What started as a promise to bring the true taste of Indian staples to families abroad has grown into a global network connecting farmers, distributors, and consumers through integrity and quality. At the heart of Deccan lies a commitment to empowering the hands that feed us.

We work directly with farmer networks, agricultural universities, and technology partners to create a value chain that honours both the land and the people who nurture it. Every grain we deliver carries traceability, care, and craftsmanship.

Our ecosystem spanning the Deccan Agro Hub, HITA Foundation, and The Deccan Collective ensures that progress, profit, and purpose travel together.

This is not just a trade business; it's a movement that connects India's agricultural heritage to global kitchens with respect and responsibility.

Deccan today represents:

- 15 + years of quality assurance and global trade credibility.
- 30 + native varieties of rice and staples sourced from India's most fertile regions.
- World-class infrastructure at Sultanpur, Telangana.
- Presence across USA, UK, Canada, Germany, China, Australia, and UAE

Because at Deccan, we believe that trust is grown, not advertised — and that every partnership is a chance to make the world eat better, together.

*Deccan, From India, with love.*

# From everyday staples to heritage grains the complete spectrum of Indian rice.

Deccan’s rice portfolio is organised into five distinct categories, reflecting both consumer behaviour and trade demand.

Each category represents a unique balance of heritage, functionality, and market opportunity, making Deccan a single-source partner for both retail and institutional buyers worldwide.

## THE DECCAN COLLECTIVE

*Together, let's empower  
the hands that feed us.*

At Deccan, we believe trade is more than an exchange, it's a relationship built on respect, trust, and shared purpose.

The Deccan Collective was born from this belief, a connected ecosystem that unites farmers, foundations, partners, and consumers in a single purpose, to create a sustainable, farmer-first future for agriculture.

Every collaboration from cultivation to consumption strengthens this circle of purpose. Because food, at its heart, is connection. And every grain is a story that begins with care and ends with gratitude.

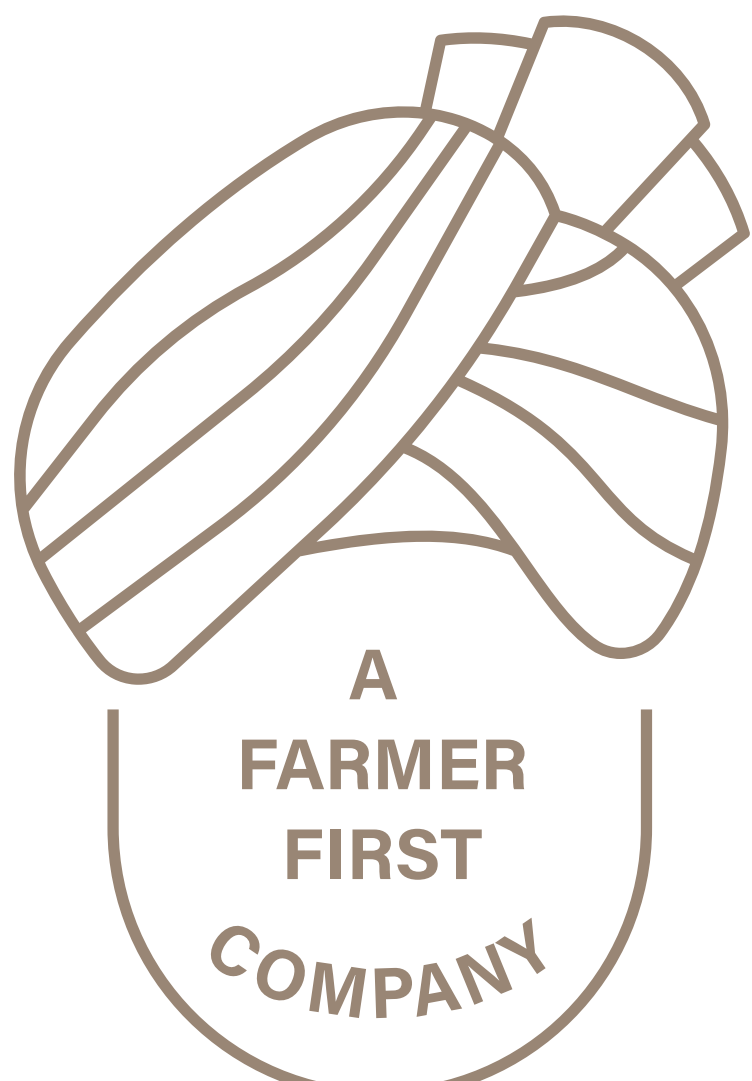

# Four Pillars, One Purpose

The Deccan  
Ecosystem

## *The hands that grow*

It begins in the soil, in the hands of farmers who nurture it with patience and pride. Through direct engagement, training, and transparent pricing, we ensure that their work receives the recognition it deserves.

*They are not suppliers,  
they are partners in prosperity.*

## *The heart that gives back*

Through the HITA Foundation, Deccan invests in what truly sustains agriculture, the welfare of its people.

From education and healthcare to women's empowerment and skill development, HITA channels business success into social impact.

Every trade partnership with Deccan contributes directly to these efforts, ensuring that progress reaches the roots of every village we work with.

## *The bridge that connects*

Trade partners, distributors, and retailers are the bridge between farmers and the world. Through The Deccan Collective platform, we create a transparent and ethical network that ensures traceability, consistency, and collaboration.

Partners join a value chain built on shared trust, where growth and integrity walk hand in hand.

## *The home that completes the circle*

From the fields of India to kitchens across the globe, every Deccan grain carries a story of care, quality, and belonging. Consumers who choose Deccan don't just buy a product; they complete the journey that began in the soil.

Their choice sustains farmers, empowers communities, and keeps heritage alive through every meal shared in love.

Together, They Form One Living Circle  
The Deccan Collective is not a hierarchy,  
it's a harmony.

Four pillars standing together, the Hands, the Heart, the Bridge, and the Home. United by trust and guided by purpose.

It's how we transform every partnership into progress and every grain into a symbol of connection.

# Certifications & Quality Standards

Deccan's infrastructure and processes are aligned with international trade and safety norms, including

**ISO 22000:2018** – Food Safety Management

**HACCP Certified** – Hazard Analysis & Critical Control Points

**FSSAI Registered** – India Food Safety and Standards Authority

**GI Certification** for Basmati and heritage varieties

These certifications reflect not only our compliance, but our commitment to consistent, transparent, and trustworthy trade.

# Partnerships & Collaborations

We partner with trade organizations, technology providers and leading agricultural universities, to continuously improve the science behind every grain.

Deccan welcomes partnerships with

- **Global distributors and importers**
- **Private-label and white-label brands,**
- **Retail chains and supermarket groups,**
- **Institutional food-service providers**

Together, we can build a fairer, stronger, and more sustainable food trade ecosystem.

*From every seed sown  
to every meal shared  
Deccan stands for  
one simple promise  
authenticity with heart.*

*Together, let's empower
